Pbk 414pp, July 2011
ISBN: 9781855757622
Cat. No. 30716

BIC Code: Psychotherapy (MMJT)

'Through different voices and styles of contributions, including papers, edited talks, and panel discussion, this collection explores and applies the principles of relational TA, sets them in social, cultural and political contexts, and considers a number of important implications of this particular "relational turn" in psychotherapy. This book advances relational transactional analysis – or, rather, relational transactional analyses (plural) – and, in doing so, reflects the creativity and vibrancy of contemporary TA. The editors have skilfully brought together different generations of TA practitioners, in an accessible and stimulating volume. I commend the editors and highly recommend the book.'

Dr Keith Tudor, co-author of *Co-Creative Transactional Analysis*
and Associate Professor, AUT University, Auckland, Aotearoa New Zealand

About the Editors

Heather Fowlie MA; MSc (psychotherapy), TSTA, Dip in Supervision, UKCP reg. Heather is Head of the TA department at the Metanoia Institute in London. She works in private practice in South West London as a full time psychotherapist, supervisor and trainer and is particularly interested in integrating other models of psychotherapy, especially object relations within a relational approach to Transactional Analysis. She is a founder member of IARTA.

Charlotte Sills MA, MSc, TSTA (ITAA) is a psychotherapist and supervisor in private practice, a senior tutor at Metanoia Institute UK and Visiting Professor at Middlesex University. She has published widely in the field of counselling and psychotherapy including, with Helena Hargaden, *Transactional Analysis - a Relational Perspective* (Routledge 2002) and *An Introduction to Transactional Analysis* (Sage 2011) with Phil Lapworth.
